PROFESSIONAL SUMMARY

I am a confident and committed Bachelor of Computer Science student with demonstrated knowledge in software, web and application development. With well-developed problem-solving skills and an analytical aptitude, I am able to manage competing priorities in fast-paced environments with a high level of accuracy. My strong communication and interpersonal attributes have enabled me to build relationships with customers, colleagues and supervisors. My goal is to secure a challenging position that will enable me to bring my dedication, motivation and responsibility to a high-performing team with a company that has strong values and supports professional development.
